Ahmedabad.

## WPC PERGOLAS & GAZEBOS

This is not wood. Even not made out of virgin tree, still it is wood. It is wood polymer. With same look of wood, same finish of wood, same color of wood but with better properties.

No maintenance, easy installation, zero wastage, water proof, termite proof, borer proof...yet 100% green. We take turnkey projects for Pergolas and Gazebos now, with green material known as 'WPC'. Again we influence with the same message 'Let's try to keep earth green. **USE WPC. Save Trees. Save Earth!**
