A lot of trees were around before and earth was lush **Green**.

They are absent today & **Nature** is quite silent without Forests & **Green** fields.

Fewer cuckoos, sparrows and parrots visit our backyards today.

Don't we miss them all!?

Let's bring those birdsongs back. Let's bring chattering,  
twittering & whistling to our lives.

Let's nurture them again.

Let's **plant** a **TREE** for them, today.

Let us celebrate a **Green** Diwali & a **Green** New Year.

Team, **HARDY SMITH**  
Gujarat, India.

USE WPC.  
Save trees. Save earth.
